[1] All Prices include VAT and are subject to changes and errors

---

[2] Additional time-based fees may apply and depend on the duration of the connection to the charging station. Time-based fees are incurred after exceeding the specified minutes at the specified fee.

---

[3] Prices vary on a charge point operator and connector basis and are subject to change. They can include fixed fees (e.g. a session fee), kWh and time-based fees. The current applicable pricing conditions can be viewed in the charge point details of a selected charging station in the app before starting a charging session. Users should inform themselves in the app about current prices directly prior to initiating a charging session.

---

[4] In rare cases authentication not initiated via the app might be possible at charging stations, where no price preview can be shown in the mobile app. In these cases, the following prices will apply depending on the geographical location of the charging station:

* The Selected Partner Network is a group of charge point operators (CPOs) that provide customers with an optimal charging experience. These CPOs have a high-power charging station infrastructure, on-site amenities and outstanding operational reliability. CPOs may be added or removed from this group over time to provide the best possible service to our customers.

The Selected Partner Network is accessible to all users. Special charging rates for CPOs are only available to subscribers of the top-tier tariff which includes Selected Partner Network rates and when the CPO they are charging with is a member of the Selected Partner Network at that time. The current members are: IONITY, Audi charging hub, Ewiva, Zunder, Mer Austria, Mer Sweden, Powerdot France and Aral pulse.
